New Mom Beauty Product Lifesavers

Recently my life changed when I joined a new club called “mommyhood”. Time management has taken on a whole new meaning and as cliché as it sounds: there are simply NOT enough hours in the day. Feeding, changing, entertaining, and holding your little bundle of joy leaves you without much time for a beauty regimen. To be honest, some days it feels like there is barely enough time to shower! Here are a few **beauty product** lifesavers that I’ve come to rely on day in and day out.

1. Oscar Blandi Dry Shampoo – I can’t think of any new mom who has time to wash her hair every day. For a busy or new mom, dry shampoo is the miracle **hair care product!** It absorbs excess oils and freshens your hair without the time in the shower. This is one hair care product I can’t live without.
2. Glowology – The Balm – with all the diaper changing, laundry and hand washing “mommyhood” requires your hands are sure to dry out. The natural alpha-hydroxy acids in The Balm, moisturize, soften and exfoliate even the driest hands. I love that among other great ingredients, it has organic shea butter, sunflower oil and aloe that .
3. Egyptian Magic All Purpose Skin Cream – This **beauty product** is the ultimate all-in-one skin care lifesaver! Some of its many uses are cuticle conditioner, lip balm, stretch mark treatment, scar solution, face **moisturizer** and eye crème. The list goes on and on since it’s antibacterial, non-greasy and toxin-free.
4. Frais Hand Sanitizer – I am not exaggerating when I say there is a bottle in every room of my house. I love that Frais doesn’t irritate my hands the way most other anti-bacterial hand sanitizers have in the past. The essential oils act as a moisturizer and are a key component in keeping my hands soft and germ free.

Another new mom lifesaver I've come to rely heavily on is on-line shopping. Luckily, all of these **beauty products** are available at glow.com!
