HELPING HAND

If swine flu has you contemplating a Bubble Boy lifestyle, we've got something that might appeal to you.

Frais Hand Sanitizer is an all-natural way to keep those germs at bay. In fact, 99.9

percent are killed on the spot through the use of sugarcane alcohol and eight Australian essential oils. You also get to enjoy a "sensory experience" when applying.

Frais Hand Sanitizer, \$7 for 1.7 fl. oz., beautyhabit.com
