Festival beauty: hand sanitizer

Image©Cult Beauty

Frais Hand Sanitizer™

A luxurious moisturising handwash, Frais Hand Sanitizer is environmentally-friendly and kills 99.9% of germs on contact.

Blended with eight essential oils including ginger, tangerine, lemon myrtle, niaouli, orange, basil, grapefruit and cardamom, it provides a natural aromatic sensation while beating the bugs that cause influenza, the common cold, tuberculosis, bird flu and MRSA Staph infections.

This pack of 14 x 6ml minis will fit in your bag to be used whenever you come in contact with germ laden environments (like the loos) at festivals.
