THE IBD JET ELITE UV LAMP:

6 Has adjustable hand placement sliding tray, with perfect thumb placement when you push in so that it will automatically turn on and when you remove your hand it will automatically turn off. The 36 watt ultra-high bulbs are strategically positioned inside the light for maximum exposure. The built-in on/off switch, timer function with indicator light UV can be set to a one, two, three or four minute cure. It can also be used for pedicures when the tray is removed. The space saving, one handed lamp comes with adjustable tray for three levels for perfect gel curing.

THE PEDI SATION:

7 Range of products helps refresh, exfoliate, revitalise and repair with five invigorating pedicure treatments. The new bulk sizes make this aromatherapy pedicure system the perfect choice for day-in-day-out salon use. Combining flower essences with soothing lavender and antioxidant rich tea tree oil, peppermint oil, shea butter and arnica, the collection helps transform dry, rough skin into silky, smooth results, leaving your clients feet feeling totally refreshed. The regimen consists of five stages: Foot Soak 1L, Foot Scrub 910g, Foot Masque 910g, Foot Lotion 1L, Critical Repair Crème 500g.

FRAIS HAND SANITIZER:

9 Adds luxury to the smart practice of regular hand sanitising. The 66 per cent eco-friendly sugarcane alcohol kills germs on contact. Les Huit, a blend of eight natural Australian essential oils promotes uplifting thoughts and leaves hands pleasantly moisturised. Frais is made from natural non-toxic ingredients and contains the highest grade of ethyl alcohol. The World Health Organization, CDC and the Mayo Clinic certify that the concentration of ethyl alcohol kills 99.9 per cent of germs encountered in everyday life including influenza, the common cold, tuberculosis, herpes, HIV, hepatitis B and C, bird flu, MRSA staph and many others.
