

All the Essentials

If you travel very often, it is a good idea to have a basic travel-toiletry kit ready to go. We like packing in zip lock bags or other see-through bags, marking each one with a sharpie pen to designate the contents. Click and print our **W2WW TOILETRIES PACKING LIST** to be sure that you have everything you need.

KK's Tips: *Keep a collection of sample sizes from your travels and you will always have a supply on hand.*

Bring extra Zip Lock bags in your suitcase. They take up no room and come in handy for all sorts of things, like wet bathing suits.
